

for Coaches by Coaches

Specto is a new tracking system for centers, bowlers, and coaches. It records information about bowlers' shots using a high-power sensor and displays it to them on an easy-to-use app.

SPECTO FEATURES

- Free app download for iOS and Android devices
- Measure performance on up to 10 data points or up to 35 data points with the special Coach's Version
- For beginners to advanced bowlers
- Skill drills designed by world class coaches
- Deep practice modes for more intensive training
- Define your equipment by knowing where they fit in relation to each other

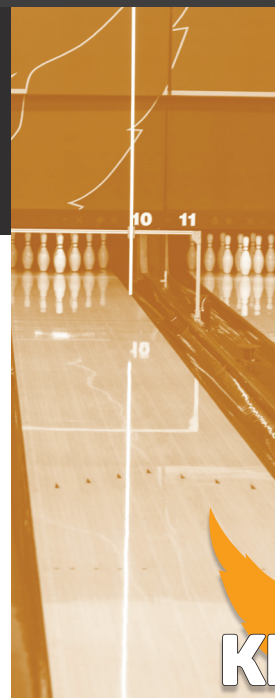

Visit www.spectobowling.com for more information

The Torch was designed to explain the aiming process in a way that can be easily understood by everyone. From children, to beginning bowlers, to special needs bowlers, the Torch is an easy and fun way to quickly improve this important fundamental skill.

TORCH BENEFITS

- Define a starting point
- See the laydown point
- Keep the swing path in-line with the target path
- Keep your head stable throughout the approach
- Shows how the target changes if a bowler drifts left or right

KEGEL COACHING TOOLS

for Coaches by Coaches

TORCH-X BENEFITS

- All the benefits of Torch
- Change the light color for more visibility or to match your preference
- Get precision alignment with the tilt bar; ideal for left-eye dominant bowlers
- Easily adjust the height with a special 2-piece assembly include a 3' and 2' bar
- Get visual confirmation that you've hit your target when the new trigger switch flashes the light off and on

The Arrow is a 3D Reference Tool that gives players a physical reference point to see when working on a variety of drills. Visualize your set-up position, pushaway, finish position and more!

Compare your technique to something you can see and feel to train yourself quickly. This dynamic tool can take the place of many coaching aids.

ARROW BENEFITS

- Define your set-up position
- Mark your height during approach
- Identify positions on the lane
- Define height of release
- Mark your body angles
- Use it as a tripod for a camera
- Easy to carry, easy to set-up
- Dozens of shape combinations
- One simple tool instead of many
